

# WorléeOpac Eco 10

**WorléeOpac Eco 10** (INCI: Oxidized Rice Bran Wax, Ceteareth-20) is a rice wax based opacifier dispersion for rinse-off formulations. WorléeOpac Eco 10 is a natural origin based alternative to polymers defined as microplastics for rinse-off applications. The Natural Origin Content according to ISO 16128 is 95%.

## Benefits of WorléeOpac Eco 10:

- 🌱 95% renewable according to ISO 16128
- 🌿 Rice wax based opacifier
- 🌿 Pure, brilliant white with high opacity
- 🌿 Low viscosity and self-dispersing
- ✿ Cold processable
- ✿ Similar color impression as a Styrene/Acrylates Copolymer
- ✿ Suitable for sulfate-free formulations
- 🕒 Excellent temperature and storage stability
